Subject: Application for AI Engineer Position at HawkEyes Digital Monitoring Limited.

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the AI Engineer position at HawkEyes Digital Monitoring Limited, as advertised. With a academic background in Computer Science and a portfolio of projects demonstrating proficiency in object detection, classification, and utilization of frameworks like PyTorch and TensorFlow, I am eager to contribute to your esteemed team.

In my attached CV, you will find a comprehensive overview of my a selection of projects that I have undertaken, showcasing my practical experience in AI technologies. These projects encompass various aspects of AI, including object detection, image classification, and natural language processing, and have provided me with invaluable hands-on experience.

While my professional journey may not yet include industry-specific roles, my commitment to continuous learning and my dedication to mastering AI concepts have prepared me to seamlessly integrate into your team.

Thank you for considering my application. I am available for an interview at your earliest convenience and am excited about the possibility of joining your team. I can start immediately upon selection.

Warm regards,
Md. Khurshid Jahan
